PROFESSIONAL PROFILE

Information Systems undergraduate at Singapore Management University (SMU) with experience in building responsive web applications and integrating APIs using Vue.js and Firebase. Skilled in Python, PHP, and MySQL, with hands-on experience in deploying functional systems and managing data workflows. Seeking internship opportunities to apply strong problem-solving and development skills.

EDUCATION

Singapore Management University (SMU) <i>Bachelor of Science (Information Systems)</i>	Singapore Aug 2024 - Present
St. Andrew'S Junior College <i>A-Levels (Science Track)</i>	Singapore Jan 2020 - Dec 2021

TECHNICAL SKILLS

- Programming: Python, JavaScript (ES6+), PHP
- Web Development: Vue.js, HTML5, CSS3, Bootstrap
- Database: MySQL, Firebase (Auth, Database, Hosting)
- Tools & Platforms: Git/GitHub, REST APIs, Odoo (ERP), MS Excel
- Concepts: Responsive Design, API Integration, Authentication, Data Management

PROJECTS

Web Application Development Project	Singapore Jul 2025 - Nov 2025
• Developed a fully responsive web application leveraging Vue.js and Bootstrap, ensuring cross-browser compatibility. • Integrated OpenAI API to deploy an AI-powered customer service chatbot, automating user assistance. • Implemented Firebase for secure user authentication and real-time database management of product inventories. • Connected 5 third-party RESTful APIs to enhance platform functionality and data retrieval.	
Interaction & Design Programming Project	Singapore Jul 2025 - Nov 2025
• Led end-to-end workflow design for a mobile running application using Figma. • Conducted user research and interviews with 20+ participants to identify pain points and validate navigation flows. • Created low-fidelity wireframes and high-fidelity interactive prototypes, optimizing for accessibility and intuitive user experience.	

EXPERIENCE

Indian Bazaar Imports & Exports Pte Ltd <i>IT Assistant</i>	Singapore Jan 2024 - Jan 2025
• Led design and deployment of company website, improving mobile responsiveness and SEO visibility. • Digitized manual record-keeping by engineering a structured Excel invoice tracking system, reducing data retrieval time by 40%. • Maintained IT infrastructure and troubleshoot hardware/software issues to ensure 100% uptime for daily operations.	
Singapore Police Force <i>National Service - Operations Room Specialist</i>	Singapore Apr 2022 - Feb 2024
• Managed high-volume data entry for operational records, ensuring 100% accuracy and consistency in case reporting. • Utilized surveillance systems to analyze visual data for real-time incident monitoring and case support. • Patrol Officer: Applied structured decision-making in high-pressure environments to resolve on-site incidents.	
Bawa's Delicacy Pte Ltd <i>Social Media Marketing Lead</i>	Singapore Jan 2017 - Mar 2022
• Directed content strategy and visual design for social media channels, doubling follower count (2x growth). • Designed digital assets with a focus on visual hierarchy and brand consistency using graphic design tools.
